## All 725 New Words in Classical Hebrew Beginning Mem and Nun by their First Proposer

David J.A. Clines  
University of Sheffield

(for further details see *Dictionary of Classical Hebrew*, V [2001])

Note 1. The data in square brackets show in which corpora the word occurs (B = Bible, Si = Ben Sira, Q = Qumran, I = Inscriptions), and the total number of occurrences (including occurrences in emendations).

Note 2. Some 209 words in this list do not show a proposer's name; in some cases this is because I did not register a name for new words in Qumran and Inscriptions, and in others because I did not always record the name of a proposer for new words in Biblical Hebrew.
